Learn Mandarin with Us

Grade 3 Mandarin November Newsletter

Ni Hao! In December, our third graders reviewed the characters we learned in Lesson 1, blending Mandarin phonics' initials with single finals, and learning to state the date. In this newsletter, we have linked Quizlet games for your child to reinforce the vocabulary. We have also provided character pagodas for your child to review and links of Pinyin that they have been learning. Last but not least, there are several important characters they are required to write included here. We hope you can use this newsletter at home with your child to reinforce his/her learning.

Enjoy learning!

Quizlet games

To help your child study the vocabulary at home, we have created a set of games on the Quizlet website. Please [click here](#) to play these games.

When your browser pops up, it will direct you to the website like the picture below. Please click “flashcards”, “Learn”, “Speller”, and “Test” to study the vocabulary. Once you feel you know all the vocabulary, you may click “Scatter” and “Space Race” to have some fun. They are challenging, but you will enjoy it.

Feel free to send me an email if you have any questions.

黄老师 (Mrs. Huang): huangw@northshoreschools.org

New Characters

nián

年 year

yuè

月 month, moon

rì

日 sun, day
